Manage multiple medications easily

Did you know?

Medication adherence means taking medication(s) as prescribed by your healthcare professional. Non-adherence may reduce the effectiveness of prescribed medicines.

Following your medication regime is important to managing your health.

Less stress

Our blister pack consumables reduce the stress associated with managing multiple medications. One less thing to worry about!

myPak's for you if you...

- > or a family member takes multiple medications
- > want to ensure your meds work effectively
- > have a busy social life
- > have a hectic home, office and travel schedule
- > want a simple, safe and convenient way to organise your meds

SIMPLE. SAFE. CONVENIENT.

Ask your pharmacist today about the benefits of myPak blister packs.
